Subject: Acquisition of Copy Carriers – Torrance, CA – effective November 1, 2025

We are very pleased to announce the acquisition of Copy Carriers operating in California and Nevada. With the acquisition, TTR adds facilities and assets in California and Nevada. Mark Richards, VP and GM of Copy Carriers, will stay on with TTR as Vice President of Southwest Operations.

Copy Carriers has partnered with TTR for over 20 years, and we have always valued Mark and his team and the contributions that Copy Carriers has made to our success. We foresee no changes to a long-standing quality operation.

Your continued success is also important to TTR Shipping, and this was a very important aspect of our decision-making process in our latest acquisition. This marks our third acquisition in the last five years, with expansion of operations in Connecticut, covering the New England market, Texas, covering the entire mid-south with seven locations, and now Southern California with coverage through Nevada and connecting our last organic market expansion to Arizona.

We wanted to share this great news with you and can be available to answer any questions you might have regarding the new addition to the TTR network.

Best regards,
